

PUBLIC NOTICE
Village of Jefferson, Ohio
Safe Streets and Roads for All (SS4A) Program

The Village of Jefferson, Ohio is soliciting Statements of Qualifications (SOQ) from qualified professional consulting firms to provide transportation planning, engineering, and related professional services associated with the Village's application and participation in the Safe Streets and Roads for All (SS4A) Program.

The selected consultant will assist the Village with transportation safety planning, data analysis, public engagement, identification of roadway safety concerns, development of strategies and recommendations, and implementation support for projects intended to improve safety for all roadway users, including motorists, pedestrians, bicyclists, school children, and individuals with disabilities.

Consulting firms shall demonstrate qualifications and experience in transportation planning, roadway safety studies, traffic engineering, grant administration, public involvement, and implementation of safety-focused initiatives utilizing the Safe System Approach.

Statements of Qualifications shall include, at a minimum:

- Firm background and qualifications
- Relevant project experience
- Key personnel and organizational structure
- Experience with federal transportation grants and programs
- Approach to project management and public engagement
- References from similar projects

Statements of Qualifications must be submitted no later than **6/1/2026 at 4:00 PM** to:

Village of Jefferson
Attn: Village Administrator
147 East Jefferson Street
Jefferson, Ohio 44047

Electronic submissions may be sent to: **amanor@jeffersonohio.us**

The Village of Jefferson reserves the right to reject any or all submissions, waive informalities, and select the firm deemed most qualified in accordance with applicable federal and state procurement requirements.
